Highlights of The Flagstaff Assembly (Zoom): Please contact me if you would like a more detailed report on each motion. Below is a general synopsis of the motions.

2023-14: That recommendations presented to the General Service Conference about changes as an advisory action for our Big Book, 12x12 or 12 Concepts or other significant publications would not be voted on or discussed until the following GSC. The reasoning is that it would give the fellowship more time to participate and discuss matters of special importance. **DID NOT PASS**

2023-15: That recommendations presented to the General Service Conference as an advisory action that seeks to reverse or nullify a previous GSC advisory action would not be voted on or discussed until the next GSC. The reasoning is that it would give the fellowship more time to review, discuss and participate **DID NOT PASS**

2023-16: To Extend the Hybrid trial for assemblies into the next rotation and to keep the up to \$500.00 dollar per person re-imbursement for up to three

people until the body votes on Hybrid being a permanent platform for the assemblies. **PASSED**
