

Salt River Group Liaison

As Liaison for the Salt River Intergroup I attended the October district08 meeting and the Area03 assembly November 11th and 12th. Here are some of the highlights.

- At the distric08 meeting and much of it was a mock election meeting preparing for tonight's district08 elections. The district moved up its meeting for this month due to thanksgiving and conflicts with ours tonight. I will get notes on the highlights and include them in next month's report.
- At the assembly, I participated in a treatment panel open discussion. The main takeaway from the treatment panel was to explore how to serve the elderly population better in care facilities. The assembly also held elections and there were wonderful, qualified candidates for Area03 service and many of the elections were close. Blas was elected as our delegate, and he is the 1st bilingual delegate from Arizona. It is most evident from his past service, he will be a conscientious servant.

Yours in service,

Bud C

Vice Chair/Liaison
